ARIZONA DEPARTMENT OF TRANSPORTATION

Tangerine Road to Calle Concordia Traffic Alert

Sept. 5, 2008

For Immediate Release

Oracle Road Lane Restrictions on Sept. 8 - 12, 2008

The Arizona Department of Transportation (ADOT) is scheduling the following restrictions as part of the Oracle Road (SR 77) widening between Tangerine Road and Calle Concordia.

Northbound

- On Wednesday, Sept. 10, to Friday, Sept. 12, 2008, lane restrictions are scheduled from 9 a.m. to 4 p.m. between Tangerine Road and the Catalina State Park as construction crews pave, remove barriers, and energize (turn on) the new traffic signal at Catalina State Park and Innovation Park Loop. Temporary barriers will be in place for the northbound lane shift during the paving.

Southbound

- On Monday, Sept. 8, to Wednesday, Sept. 10, 2008, lane restrictions are scheduled from 5 a.m. to 4 p.m. between the Catalina State Park to Cañada del Oro Bridge as construction crews stripe the lanes and energize the new traffic signal at Catalina State Park and Innovation Park Loop. Temporary barriers will be in place for the southbound lane shift during the striping.

Please note that by State and County statutes, bicycles can use the travel lanes in a roadway, and bicyclists have the same rights and responsibilities as drivers of motor vehicles. At various times throughout the construction, for the safety of the public and construction personnel, the shoulder of the roadway will be closed. To avoid these road restrictions, bicyclists may wish to access alternative routes to Oracle Road (SR 77).

ADOT appreciates your patience and your continued cooperation while we work to improve Oracle Road from Tangerine Road to Calle Concordia. Please obey all posted speed limit signs and detour routes while driving through the construction zone, and remain alert for construction personnel, equipment, bicyclists and Department of Public Safety officials.
