A-FRAME SIGN – STANDARDS

Quantity: One (1) per business

Size: 6 square feet for each side of the sign with a max of two sides.

Maximum height: 42" including sign legs.

Location: On private property within the commercial development where the business is located.

- The purpose of the sign is to direct pedestrian traffic and shall not be solely oriented toward vehicular traffic.
- Shall not be placed in such a manner as to attract vehicular traffic from public roads.
- Shall not be displayed in such a manner as to constitute a hazard to public safety.
- Must allow for a 4' unobstructed pathway for pedestrians.
- Access ramps or vehicular sight lines shall not be obstructed.
- Do not attach sign to railings, posts, fencing, columns or other structures.
- Do not remove, alter or damage landscape for sign placement.

Time: Displayed during associated business hours only.

Design: Must be a self-supporting upright sign, constructed of durable materials, in an A shape or similar style.

- Carts, wheels or other devices that will make the sign mobile shall not be attached to the sign.
- Flags, pennants, balloons or additional signs shall not be attached to the sign.
- The sign must be professional in appearance, neat and legible without cloth or paper surfaces.
- Fluorescent and iridescent colors are not allowed.
- No illumination, noise or flashing, rotating, or moving elements are permitted.

Please sign this form acknowledging that you have read and understand the A-frame sign standards list above:
