Individually metered residential units shall pay the single family residential fee for each meter.

* The meter component of the fee for master-metered multifamily residential uses is the higher of the total based upon \$1,941 per unit of the commercial fee(s) for the size of the master meter(s).

A variance may be requested if a meter is required to be increased from a 5/8-inch meter to a 3/4-inch meter solely due to the installation of fire sprinkler systems. If the variance is granted, the AWRDIF that will be assessed will be the costs of a 5/8-inch meter. The variance will have no impact on all other rates, fees and/or charges associated with a 3/4-inch water meter.

Metered connections to the Town's reclaimed water system are not subject to the AWRDIF.
