COUNCIL LIAISON COMMENTS
Council member Solomon reported they had a great round of interviews for Boards and Commissions. There will be three new editions to the Commission at the first meeting in January.

PRESENTATIONS

1. Historical Society Update
Mr. Paul Loomis, Historical Society Treasurer, reported that the Society has been very active the last couple months. The annual meeting was held last month at Steam Pump Ranch where Sue Chambasian and Henry Zipf, Jr. were added to the Board of Directors. Tours are
up and running with COVID precautions in place. Peter Lourie, a newphew of the Pusch Family took a tour on December 4th. Additional tour dates are 12/12 and 12/19, and each second and fourth Saturday beginning in January. The Society is selling books and holiday decorations. The newsletter will be out this week with a good article on James D. Kreigh. He thanked the collections committee for their hard work as they have been busy researching and cataloging items, answering questions and making displays. He noted Walter Pusch donated two baskets, Gary Kern restored some old photographs. He suggested HoneyBee Canyon Park and Village should be looked into for historic status. He thanked Commissioner Huff for his participation and support.

2. Farewell to Dan Huff

Mrs. Dellerman-Silverthorn wished Mr. Huff farewell and thanked him for his service of two full terms on the HPC and also serving as Chair. Mr. Huff opened his gift and thanked everyone, and commented that the time went by very quickly. He has enjoyed working with everyone, and looks forward to the future of the Commission.

CONSENT AGENDA

1. REVIEW AND APPROVAL THE NOVEMBER 2, 2020 MEETING MINUTES
   Motion by Chair Gail Munden, seconded by Commissioner Steve Hannestad to approve the minutes of November 2, 2020.
   Vote: 5 - 0 Carried

REGULAR SESSION AGENDA

1. PRESENTATION AND DISCUSSION REGARDING HISTORIC PRESERVATION TOPICS FOR CERTIFIED LOCAL GOVERNMENTS

   Mrs. Dellerman-Silverthorn presented Community Benefits of Preservation which included:
   
   • The Commission's Role in Historic Preservation
   • Tax Savings and Incentives
   • Federal Tax Incentives
   • State Tax Incentives
   • Increased Property Values
   • Locally Designated Districts for Oro Valley's Future

DEPARTMENT UPDATE

As mentioned by Mr. Solomon, interviews were held for the 3 vacancies now on the HPC. They have been approved by the Council and should begin their terms in January. The town is moving along with the 2020 CIP projects as SPR. We have submitted our requests for the 2021 CIP priority projects as approved by the HPC from the prioritization plan. We will keep you informed as to their approval status. Additional items will be added to the regular budget. We may be selected to receive assistance from U of A Graduate students' capstone projects. The local registry project is one they are reviewing as a potential project for several students.
The Essay questions were sent to Amphi Schools immediately following your approving of the questions in our last meeting. Please remember it is your input that helps us choose subjects for the Agenda. When future agenda items come up on the agenda, keep in mind things you would like to see discussed.

FUTURE AGENDA ITEMS
Chair Munden asked for future agenda items. The items discussed:

- Cultural heritage plan for upcoming year
- Annual report
- Outreach to historic neighborhoods

ADJOURNMENT
Motion by Chair Gail Munden, seconded by Commissioner Michael Wilson to adjourn the meeting at 5:37 p.m.

Vote: 5 - 0 Carried

I hereby certify that the foregoing minutes are a true and correct copy of the minutes of the regular session of the Town of Oro Valley Historic Preservation Commission of Oro Valley, Arizona held on the 7th day of December, 2020. I further certify that the meeting was duly called and held and that a quorum was present.

REGULAR SESSION AGENDA

1. PRESENTATION AND DISCUSSION REGARDING HISTORIC PRESERVATION TOPICS
   FOR CERTIFIED LOCAL GOVERNMENTS
Ms. Dellerman-Silverthorn presented the
attached PowerPoint, there were no questions
or comments from the Commission.

2. DISCUSSION AND POSSIBLE ACTION TO CLARIFY AND APPROVE AMENDMENTS TO
   TWO (2) APPROVED TOPICS AND SELECT A THIRD (3RD) ESSAY TOPIC FOR THE
   20/21 WILLIAM H ADLER HISTORIC EXPOSITORY WRITING CONTEST FOR LOCAL 4TH
   GRADE STUDENTS
Ms. Dellerman-Silverthorn presented reworded
questions one and two and added a third
question regarding horses.
Motion by Chair Gail Munden, seconded by Commissioner Dan Huff to approve
amendments to two approved topics and select the third question as written for the 20/21
William H. Adler Historic Expository Writing Contest for local 4th Grade Students.
3. **DISCUSSION AND POSSIBLE ACTION REGARDING FUTURE FUNDING REQUESTS FOR STEAM PUMP RANCH PRIORITIZATION PLAN**

Mr. Jankowski presented staff recommendations as a result of the Study Session on September 24th. The Tier One Priorities are requested for funding of the 2022 year include:

- Priority 1. Carlos House, Item G, updated costs increased to $205,000.
- Priority 2. Bunk Houses, Item C changed usage from restrooms to a multi-use space reduced costs to $202,000.
- Priority 3. Continue Planting Plan throughout property.
- Priority 4. Procter Lieber House - $510,000 is for preservation of the building only, additional estimates are not being sought at this time. Staff continues to make minor repairs. - will be requested in the future.

The Tier Two Group will also be saved for the future which includes:

- moving the garden to an undisclosed location to allow for better functionality
- stables
- tack house
- updates to the panhandle area of the ranch including shade, ramadas, traffic entry improvements, and landscaping

Mr. Jankowski asked if there were any questions or comments. Commissioner Hannestad is concerned about calling planting plan a historic preservation expenditure, he would not approve the third item. Ms. Dellerman-Silverthorn commented that the planting plan has been approved by past commissions and is part of the original master plan. Commissioner Huff added that the planting plan is a part of the original master plan and was reviewed extensively, is based in history, and most plants have historic ties to
the Ranch.

Motion by Chair Gail Munden, seconded by Commissioner Michael Wilson to approve "Priority 1" items 1-3 of the Steam Pump Ranch Funding Requests Prioritization Plan for the upcoming FY22 budget process.

Vote: 4 - 0 Carried

Other: Commissioner Steve Hannestad (ABSTAIN)

4. DISCUSSION REGARDING THE HISTORICAL SOCIETY BOARD LETTER RECEIVED ON OCTOBER 5, 2020

Commissioner Hannestad spoke with Mr. Sidles prior to the meeting and Mr. Sidles relayed the rules of order to the Commission.
Commissioner Hannestad commented that he felt the commission should be concerned and urged staff to be overly cooperative in addressing the Historical Society concerns. His second concern was how far you go on adaptive use before it becomes detrimental. He wanted to be sure that interested parties have the opportunity to comment on proposed changes before they take place.

DEPARTMENT UPDATE

Ms. Dellerman-Silverthorn reported the Haunted Car Rides were very successful this past month which showcased Arizona history. The Town has begun allowing limited indoor attendance with COVID safe restrictions. She recently attended a meeting to discuss next steps regarding the Garage and Pusch House. The next HPC Meeting is Monday, December 7, 2020 at 5:00 p.m.

FUTURE AGENDA ITEMS

STUDY SESSION AGENDA

1. DISCUSSION REGARDING FUTURE FUNDING REQUESTS FOR STEAM PUMP RANCH PRIORITIZATION PLAN
Mr. Jankowski presented some opening remarks as Mr. Laue posted the SPR Directory as a visual. Mr. Jankowski reiterated some highlights of the Background or Detailed Information in the Staff Report given with the agenda.

Priority 1 includes buildings within the Historic Core.

- The Barbeque which is also called Carlos’ House Item G on the map could be returned to its original historic state and it would include a barbeque and kitchen area. Restoration estimates in 2013 was $175,000, he anticipates very little increase in this budget. This is staff’s first priority in proceeding to tell the story at Steam Pump Ranch.
- The Bunkhouses, item C on the map, staff priority number two. The cost estimate
from 2008 was $219,000 which envisioned restrooms and a shade structure. Based on the direction of the ranch providing large scale events, the size and location of this space may be better served as a flexible use type space; office space, staging area, and visitor uses. Currently, any large scale event brings restrooms with them, and providing restrooms here would not eliminate the need for porta-pottys. The Bunkhouses are another location within the historic core that could easily display additional history of the Ranch while providing esthetic flow toward the pump house. The $219,000 should still be relatively accurate given the new direction request.

- Continuing Planting Plan throughout the property is priority three. Since the original estimate of $2M, staff has worked diligently over the years to take on smaller chunks of the overall project to be able to reduce the overall price.
- Procter Lieber Family Ranch House, Item H, is a large sized with a large cost. The 2013 estimate to preserve the building and necessary work to make it structurally sound was a little over $500,000. This did not include any type of upgrades to usage. Due to its large size and cost, staff recommends working with a partner in either retail or restaurant to bring the building up to a preferred future use.

He then spoke to Priority #2, items outside the historic core, which are worth noting.

- The Garden, Item J is made from native seeds in its current location. The plan is to use these native seeds to repopulate the garden inside the historic core which would provide more value.
- The Stable building Item L is currently being used at storage, and there are structural issues with the stables. The stables need some care to improve functionality. The desire seems to be present if the functionality of the property is made stable.
- Tack House Item K - Tack house is structurally sound, is split into multiple rooms, and serves currently as storage.
- Ramadas, traffic improvements, and landscaping in the panhandle are planned for the future as there are other issues that need attention first.

While these areas still have value, the current focus remains the mission of the Ranch. It is the staff's desire to move forward with priority items 1:1-3 for the upcoming budget cycle will provide the most value to the Ranch. He then turned the meeting back over to Chair Munden.

Chair Munden opened the public comment period.

No one wished to speak.

Chair Munden closed the public comment period.
heritage garden, no timeframe was identified, it was included for future prioritization. Chair Munden commented that moving the garden in the historic corridor would allow the volunteers to use their hours working on this. Ms. Dellerman-Silverthorn commented the planting plan is less than 50% complete due to some trees, she deferred to Ms. Diaz-Trahon who commented she thinks that the planting plan is 25-35% complete. There is quite a lot of infrastructure to the south with trees. Grass planning is complete, which reduced the amount of dust challenges that were had early on. As we implement this incrementally. The new main water line to the garage project will enable additional completion to the planting plan.

INFORMATIONAL ITEMS

1. Current information of importance for Historic Preservation Commissioners
Ms. Dellerman pointed the Commission to the attachment. She informed the Commission that she will be giving further education on Section 106 referenced at the end of the attachment.

2. Report from Oro Valley Historical Society President
Former Mayor Paul Loomis reported that due to COVID only the Executive Committee has been meeting. They are working with the Town regarding the budget and the Pusch House office agreement. They received the report for the Adaptive Reuse Plan, and he was not aware of any feedback.

CONSENT AGENDA

1. REVIEW AND APPROVAL OF THE MARCH 2, 2020 REGULAR SESSION MEETING MINUTES
Motion by Commissioner Michael Wilson, seconded by Vice Chair Dan Biel to approve the minutes of the March 2, 2020 Regular Session Meeting
Vote: 5 - 0 Carried

REGULAR SESSION AGENDA

1. DISCUSSION AND PRESENTATION BY CONSULTECON REGARDING THE ADAPTIVE REUSE STUDY PROJECT FROM FY20
Ms. Dellerman introduced James Stevens of ConsultEcon to speak to the presentation entitled Steam Pump Ranch Feasibility Study. Mr. Stevens was part of the original assessment in 2008 and is very familiar with the Ranch. This presentation included:

- ConsultEcon Overview
- Project Goals
- Scope of Work
- Summary of Findings
- Next Steps/Implementation.

Discussion ensued with Mr. Stevens, Staff, and Commissioners regarding item #8.1. Commissioner Wilson asked if there are any contingency plans in place regarding expansion, and Commissioner Hannestad requested that the presentations be made available in advance as he does not have access to video.

2. DISCUSSION REGARDING HPC FUTURE FUNDING REQUESTS PRIORITIZATION PLAN
Ms. Dellerman indicated that as an annual review, the HPC will discuss priorities for future funding desires using past documents as reference points. Topic will be discussed in an upcoming Study Session. She will send the Commission links to reports to view prior to the study session. Ms. Dellerman then offered ideas on uses of funding. Mr. Jankowski added...
that the study session will be less formal with open conversation and communication, brainstorming, and discussion. The result of the study session will be to generate specifics for the next regular session meeting.

Chair Munden opened the item for public comment.

Devon Sloan a resident of Oro Valley asked a question on the reuse of the buildings. Ms. Dellerman responded that everything within the historic core is part of the national registry and is required to retain the same integrity on the outside, however the inside may be changed.

Chair Munden closed the item.

3. **SCHEDULE A STUDY SESSION TO WORK ON OBJECTIVES FOR # 2**  
   Motion by Chair Gail Munden, seconded by Commissioner Dan Huff to approve a Study Session meeting on Thursday, September 24th at 3:00 p.m. via zoom.  
   Vote: 5 - 0 Carried

4. **PRESENTATION ON EDUCATION/TRAINING IN PRESERVATION FOR A CERTIFIED LOCAL GOVERNMENT**  
   Ms. Dellerman plans to study and then train or educate Commissioners each month on topics regarding Historic Preservation. This month she took excerpts from the National Alliance for Preservation Commission, the National Historic Preservation Act of 1966, and the Certified Local Government Program. She also spoke on the role of the Commission as they promote good stewardship and active use in historic properties.

5. **DISCUSSION IN LOCAL REGISTER OF HISTORIC BUILDINGS PROJECT PLAN TIMELINE**  
   As part of the annual Review, the HPC will discuss priorities for future funding desires using past documents as reference points. This topic will be further discussed in an upcoming Study Session. Ms. Dellerman reported that she will send to the Commission Code 6-10.

**DEPARTMENT REPORTS**

1. Update on CIP funds for FY20/21 at Steam Pump Ranch (Garage and Pusch House)  
   Mr. Jankowski reported $550,000 is in the budget for design and construction of the garage building, and fire suppression of the Pusch House, Item # 9.2. Garage plans are almost 30% complete and construction should begin after January 1 with the project completed by June 30, 2020.

2. Progress to date on Pusch House fire suppression system  
   Mr. Jankowski reported part of the $550,000 from Item #8.1 includes the fire suppression of
the Pusch House. The Town has been coordinating with a fire suppression company, that installs these type of systems, and other Town departments to reduce costs. The Water Utility department will provide the infrastructure to the building, rather than a local contractor, which will provide substantial savings to the overall project cost. Design plans are in process, and like the Garage, design should be completed by the first of the year, with construction beginning shortly thereafter.

3. Update on Agreement with Historical Society for use of office in Pusch House
   Mr. Jankowski continues to work with the Historical Society regarding a lease agreement. The most recent comments were received by the Town on September 2, and he anticipates further discussion in order to move forward.

4. Update on the activities at Steam Pump Ranch

5. Update on discussion with planning pertaining to the Gist Home owned by the Alexanders in Oro Valley Country Club Estates

FUTURE AGENDA ITEMS
   No future agenda items were requested.

Daniel R Biel
How does your previous volunteer service prepare you for the board or commission appointment for which you have applied? Please describe an issue considered at a meeting of the Board or Commission for which you are applying.

I have learned how to work in committee settings to obtain a group objective. I have developed skill sets in property research, renovation and have studied National Historic Register guidelines. In the Neighborhood Stabilization program, with CPLC (Chicano Por La Causa) a non-profit I obtained field experience in dramatically changing neighborhoods by setting standards in renovation and affordable housing. By setting high quality standards in neighborhood re-development, the communities achieved financial benefits of additional market equity and quality of life. I have also worked with numerous other non-profits in the marketing of housing projects in the affordable housing demographic.

Briefly describe your educational/vocational background.

Degree in Design and Psychology from Southern Illinois university and Arizona State University BA

Please describe an issue or project you contributed to which related specifically to conceptual design?

I have identified historic properties for investors for renovation and consulted on correct guidelines for renovation to preserve significant architecture detail. In the last few years I assisted in renovating a 1928 historic Craftsman Bungalow. I assisted in the acquisition of property, research of neighborhood historic renovation guidelines and implementation of design standards that would conform with the historic period. This included reading all the historical guideline information available On Line and creating a plan to use only materials & design elements indicative of the era.

☐ Other Design Background
For each selection you made above, please provide your years of experience and a generalized description of your professional design background in that area.

Degree in Design from Southern Illinois University -BA 4 yr degree program -This design school had Buckminster Fuller on the board and taught design with emphasis on architecture design and art. Have assisted in selection of property and coordinating renovations for over 20 years on multiple properties for Investors I have specialized in Barrio properties in Tucson, Arizona for over a two decades and have experience in the culture and historic significance of designated historic neighborhoods- I have studied the historic designation & architectural guidelines to qualify for placement in Historic Register. Also familiar with significant tax incentives for historic owned properties. I have lived in a Tucson central home on the historic register in El Encanto and studied the historic documents available on the neighborhood and qualifying standards to get a specific residence on the National Historic Register. As a real estate broker I have studied and identified all historic neighborhoods in greater Tucson and I am aware of the district boundaries, and level of historic designation of each neighborhood. I have also collected books on Tucson’s Historic neighborhoods and my interest in the preservation of history will translate to a sincere interest in Oro Valley historic committee objectives. I currently am involved in the sale and marketing of a historical significant 7 acre land parcel in Río Nuevo and I am involved in neighborhood concerns and city planners in the future development of this land. This project I have been working on for 1 year involves knowledge of zoning, land development issues, environmental issues and city politics. Skill sets on this project include aerial topo map surveyor selection, city council developmental issues, neighborhood outreach, and research on historical contiguous landmarks including historic ruins and artifacts in the heart of downtown Tucson.

How does your previous volunteer service prepare you for the board or commission appointment for which you have applied? Please describe an issue considered at a meeting of the Board or Commission for which you are applying.

While serving as a board member and volunteer for various non-profit art and music organizations in several states, I've worked with local business, education, and civic leaders to support and fulfill the mission of cultural organizations that strengthen the vitality of the community. I did so by helping to develop strategic plans, reviewing budgets, writing grant applications, soliciting financial support for the organizations, assisting in the planning and executing of community events, and engaging with community members and patrons. The organizations often held exhibits or performances in historic buildings and outdoor venues. These events were always well-attended and appreciated by community members. They remind me of activities held at Steam Pump Ranch. I strongly feel that the preservation of historic buildings, districts, landmarks, documents, and photographs provides a sense of identity and unity in a community. The HPC is currently considering the priorities for future funding. Identifying existing and potential funding sources is an important step in this process; sources such as admission fees (where applicable), private donations and grants should be considered. In 2015, I performed a fund development analysis for the Minnesota Marine Art Museum, which included a financial profile, to help identify weaknesses of appeals and suggest best practices for future fundraising. When members of the HPC consider how to appropriate funds, important questions to ask include, "In what way can/will this building, district, landmark, document or photograph contribute to the vitality of the Oro Valley community now, and in the future?" and "What is the best practice in conserving this particular structure or item for the use determined?" I believe the HPC's role in the Town of Oro Valley is significant. There is something powerful about understanding where a community has been to help define where it's going.

Briefly describe your educational/vocational background.

B.A. in Arts Administration, Southern Utah University, Cedar City, UT – courses included leadership, history of funding of the arts, grant writing B.S. in Business Administration, Truman State University, Kirksville, MO – concentration in marketing
