RE: Title VI Policy Update to Include 5307 & 5310 Funding Program Requirements
CC: Michael Alexander, Sr. Crew Leader
Jon Hawbaker, Crew Leader
Michael Hennings, Crew Leader

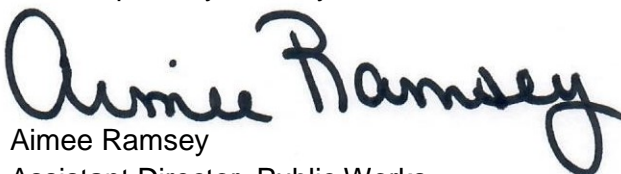

The Town of Oro Valley Transit Division Title VI Plan has been reviewed regarding the addition of Federal Transit Administration 5307 funding for the paratransit program. The Town of Oro Valley Transit Division receives this funding as a sub recipient of the City of Tucson.

This review was conducted on June 11, 2019.

The division Title VI policy was updated to specify that the City of Tucson will be notified of any complaints filed in accordance with the procedures outlined in the Title VI Non-Discrimination Plan. Specific notification procedures are outlined in this update.

This policy dated June 11, 2019, will be complied with by the Transit Division. Furthermore these updates will be officially included in the annual policy revisions that take place in January of each year.

This memorandum serves to memorialize these changes to the Title VI Plan before the official update and adoption by the Mayor and Council.
