

Town of Oro Valley – Temporary Sign Zones

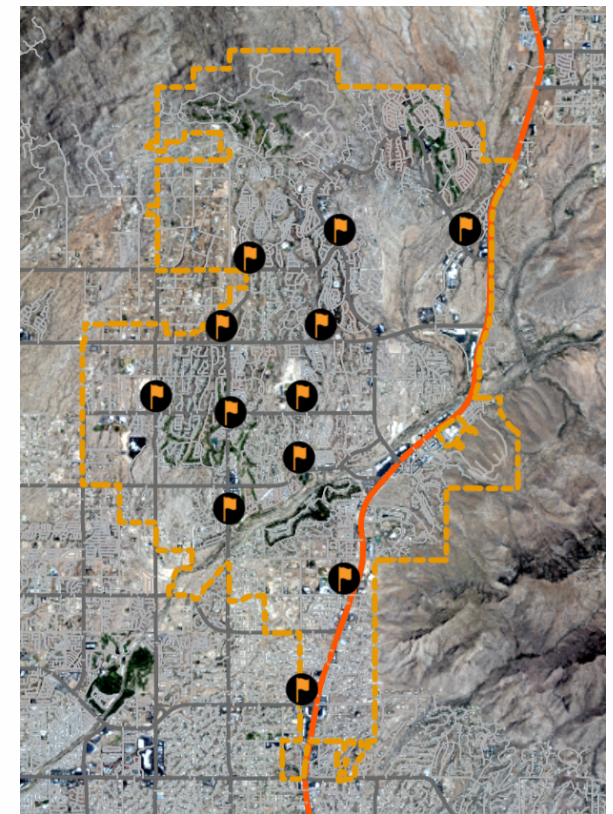

Town of Oro Valley

Members of the public may place code compliant signs in designated signs zones in the public right-of-way throughout the year and without a permit. Code compliant signs, in these sign zones, can be no more than 9 square feet in size and no taller than 3'6".

All the code requirements for temporary signs in the public right-of way are available here: <https://orovalley.town.codes/ZC/28.7>

The following pages show the approximate locations and sizes of the 12 temporary sign zones throughout the Town. Sign zones are sometimes unavailable due to construction, etc. Please check the interactive map available here: [Online Sign Zone Map](#) for sign zone status.

Please look for the white markers notating the boundaries of the sign zones onsite (an example is shown to the right).
