TOWN COUNCIL REPORT

DATE: May 26, 2026  
TO: Mayor and Council  
FROM: Jeff Wilkins, Town Manager  
David Gephart, Chief Financial Officer  
  
SUBJECT: March 2026 Financial Update

---

This financial update is intended to provide an overview and status of revenues and expenditures for the Town's selected funds through March 2026 for fiscal year 2025/26. Funds included in this financial update are the General Fund, Highway Fund, Community Center Fund and Capital Fund. Also included are the two enterprise funds, Water and Stormwater. ***Please note that all amounts are preliminary, un-audited and subject to change. Additionally, figures may not include any adjusting audit entries required at year-end.***

Pages 1-15 are the financial status reports for the funds. Appendix 1 and 2 provide further details on golf activity and contractor performance. Appendix 3 is the consolidated report of all Town funds. Appendix 4 is the local sales tax collections. Appendix 5 is the General Fund state shared revenues. Appendix 6 is a breakdown of the Town's outstanding debt service principal and interest payments. Appendix 7 is a summary of operating investment values and earnings by month. Appendix 8 lists the specific infrastructure projects that are eligible to receive funding from impact fees.

**Overall, Local sales tax revenues are forecasted to fall short of budget expectations by \$4.0 million or 12.5%.**

Collections decreased 6.8% compared to the same period last year, primarily reflecting reduced activity in the construction and hotel sectors, including project delays at the Marketplace hotel and Vistoso Golf Club apartment developments. Construction-related revenues have begun to recover in recent months from the Oro Valley Marketplace apartment project, with this trend expected to continue through year-end. Restaurant and bar collections came in 1.9% below prior year through March, falling short of growth assumptions and resulting in a year-end estimate approximately 6.2% below budget. Retail collections are projected to finish slightly below budget at 0.2%, while remote seller collections are expected to exceed budget by 12.3%.

Please refer to Appendix 4 for a detailed breakdown of local sales tax collections.

Total state shared revenues are performing in line with expectations with the exception of Smart & Safe revenues.

Smart & Safe distributions occur twice per year, and the first payment was lower than the prior year. Although statewide cannabis sales tax collections are up compared to last year, distributions to cities and towns may decline because revenues are first applied to cover state administrative and enforcement costs before being allocated to cities and towns.

Licenses and permits revenue is projected to exceed budget by 10.7%, driven by stronger building permit activity, partially offset by a reduction in the business license and permit forecast due to FY25 actuals coming in below estimates.

A total of 84 Single Family Residential (SFR) permits have been issued through March (107 budgeted for the year).

Grant revenues continue to perform better than expected. A significant portion of budgeted grants are allocated to the Police Department, and these can fluctuate based on factors such as officer scheduling, overtime, and the timing of reimbursements and awards. Year-end estimates have been adjusted to reflect current program activity.

Intergovernmental revenues are performing in line with expectations. These revenues are reimbursement-based and typically lag between the time services are provided and when funds are received. The year-end estimate for school resource officer revenues was reduced by \$19,500, reflecting current activity trending below budget. The variance may reflect scheduling, or reimbursement timing and will continue to be monitored.

Charges for services are performing slightly above expectations.

Cost allocation charges to the Town's enterprise funds for shared services, along with Parks & Recreation fees, represent the majority of this revenue category. The enterprise fund allocations are budgeted amounts distributed evenly across all 12 months. The year-over-year decrease is mainly due to one-time water system monitoring upgrades in the prior year that were funded through the IT budget and charged to the Water Utility.

Recreation fee revenues are projected to exceed budget by 9.8%, with the year-end estimate revised upward by approximately \$65,000, driven largely by swimming pool user fees along with field and court rentals and miscellaneous fees. Development fee revenues were revised upward by \$20,000, reflecting stronger than expected zoning and subdivision fees

Other revenues are projected to finish above budget overall, supported by stronger-than-anticipated interest earnings, insurance recoveries, and asset sales. The decline in miscellaneous revenue compared to the prior year reflects a one-time AMRRP insurance rebate in FY 2024/25 that did not recur.

#### Overview:

Departments are spending within budget limits through March. Please note that Council and Information Technology typically incur higher upfront costs early in the fiscal year.

#### Community & Economic Development:

Year-to-date personnel expenditures are below budget expectations due to turnover in two Building Inspector positions, the Economic Development Program Manager, and a vacancy in the Code Compliance Specialist position. Year-to-date operating expenditures are also below budget, primarily due to timing within the in-house Economic Development and Tourism program, where several planned initiatives have not yet begun.

**Finance:** Personnel costs are projected to exceed budget by approximately \$18,000 due to a three-month overlap in the accounting specialist position, allowing time to train the new employee who replaced a retiring staff member.

**Legal:** Personnel costs are trending below budget expectations and are projected to finish approximately 25% under budget, primarily due to vacancies in the Town Attorney and Chief Civil Deputy Attorney positions.

**Police:** The year-over-year increase is mainly due to an additional quarterly pension contribution to the Public Safety Personnel Retirement System (PSPRS) that was recorded at the beginning of FY26 but applied to the prior fiscal year (FY25), along with increased personnel costs from wage adjustments outlined in the most recent labor agreement. Three of four budgeted additional contributions have been made; no further excess contributions are planned as the pension plan has exceeded 100% funded status. The department is forecasted to finish within budget due to this reduction in excess pension contributions, vacancy savings, and benefit election differences from budget assumptions.

**Public Works:** Public Works personnel costs are projected to come in under budget by approximately \$61,000, primarily due to vacancies in heavy equipment operator positions, partially offset by higher Transit personnel costs driven by increased ridership demand requiring additional driver hours. Transit costs are reimbursed to the Town by the Regional Transportation Authority (RTA). Operations and maintenance costs are also projected to come in under budget by \$250,000 or 10%, reflecting savings in fuel and vehicle repair and maintenance. Fuel savings are primarily in Transit operations and persist despite sharply rising prices in March.

Highway Fund revenues and expenditures are performing generally in line with expectations through March. Due to capital projects not anticipated to be completed this year, the fund balance is expected to end about \$1.4M greater than budgeted.

#### Revenues:

Highway User Revenue (HURF) is currently coming in slightly under budget projections. In contrast, interest earnings and revenue from licenses and permits are outperforming budget estimates. Miscellaneous revenues are above budget, driven by insurance reimbursements and proceeds from asset sales. The scheduled \$2 million transfer from the Capital Fund is allocated to support road improvement projects and is recognized in four equal quarterly installments over the course of the fiscal year.

#### Expenditures:

Personnel expenditures are projected to exceed budget by approximately 0.1%, primarily due to pay range adjustments in the adopted pay plan that were not included in the original personnel forecast.

Operations and maintenance costs are projected to come in under budget by approximately \$57,000 or 4%, primarily due to lower than anticipated demand for street maintenance and waste disposal services.

Budgeted capital outlays include the Town's annual pavement preservation program and several capital improvement projects. Capital Outlay is projected to come in approximately \$1.4 million under budget due to several projects. The Traffic Signal at Tangerine Rd / Mussette Dr project (\$676k) will carry over into next year, as will the Operations Laydown Yard (Electricity) (\$33k). The Lambert Lane MUP project (\$350k) will not be completed this year; with the passage of RTA Next which include improvements to Lambert Lane, the project is being reassessed. Additionally, \$350k of the \$400k budgeted for Shannon Road Improvements is projected to remain unspent, as the project will not be completed this year. With RTA Next including a larger widening project for Shannon Road, these interim improvements are no longer needed.

On August 13, 2025, the Town Council adopted Ordinance (O)25-04, removing the spending restrictions on the half-cent sales tax and redirecting those revenues to the General Fund, effective 30 days later in September. Accordingly, the FY 2025/26 actual revenues shown here reflect only the first two months of the fiscal year, during which the restriction was still in place. Any operating shortfalls within this fund will be covered by transfers from the General Fund at year-end.

For detailed information on total local sales tax collections, please refer to Appendix 4.

Note: Estimated sales tax collections on golf operations for FY 2025/26 is \$174,562.

Contracted golf operating expenditures rose 2% year-over-year, driven mainly by increased labor, maintenance supplies, and lease costs, partially offset by reductions in water expenses. Expenses are projected to exceed the budget by approximately \$261,000, or 4.6%, driven by higher merchandise sales costs, increased labor expenses, and additional equipment and grounds maintenance costs.

Town operating expenditures are trending under budget, primarily due to contracted instructors. Operations and maintenance costs, while higher at the beginning of the fiscal year due to credit card merchant fees, have since moderated and are also projected to come in under budget.

#### Sources:

Quarterly transfers in from the General Fund support capital improvement projects as budgeted. A one-time additional transfer of \$2 million resulted from Town Council's direction to reduce the General Fund reserve from 30% to 25%. In addition, an annual reserve for vehicle replacement is established based on the purchase price and expected lifespan of Town-owned vehicles. This reserve is allocated evenly over twelve months and charged to the General Fund each month.

#### Uses:

O&M costs reflect building repair and maintenance for the newly purchased Police Headquarters building as well as the purchase of smaller, non-capitalized equipment used to outfit new Police vehicles.

Capital outlays through March consist primarily of the Council-directed purchase of a building for the planned new Police Headquarters (approximately \$3.8 million), along with related urgent building maintenance and inspection costs, the finalization of the Town Court expansion project, the VTNP Pond Restoration project, and planned Police vehicle replacements. The budget also includes \$2 million in transfers to the Highway Fund for capital improvement projects, recorded evenly across four quarters. An additional \$234,200 is budgeted for transfer to the Grants Fund to cover the Town's 20% match for transit vehicles funded primarily through federal grants.

#### Revenues and Other Financing Sources:

Water sales are trending above budget, primarily driven by higher than anticipated irrigation and commercial water sales. Charges for services are expected to exceed budget, driven by groundwater preservation fees which are assessed based on water usage. Interest earnings are projected to exceed budget by \$300,000, reflecting returns on invested bond and loan proceeds. Miscellaneous revenues are projected to exceed budget expectations due to insurance recoveries.

The Water Utility draws on a 2025 WIFA loan agreement that functions as a line of credit. Both the loan draws and the associated WIFA grant are recognized in grants revenue and other financing sources as funds are received.

#### Uses:

**Personnel:** Expenditures are trending below budget due to vacancies in several positions, including two Water Utility Operators, a Water Operations Supervisor, and a Water Control Systems Supervisor.

**Operations & Maintenance:** Operations and maintenance costs are projected to come in under budget by approximately \$666,000, or 6%, with savings spread across numerous accounts. The largest contributors are lower than anticipated power costs for pumping and CAP water delivery charges. Equipment repair and maintenance costs across wells, boosters, reservoirs, telemetry, and other infrastructure are collectively trending below budget, as routine maintenance demand has been lower than anticipated. Additional savings in testing, non-capitalized equipment, chemicals, and gasoline contribute to the overall favorable variance. These are partially offset by higher than expected costs in mains repair and maintenance and software maintenance and licensing.

**Debt Service:** The full annual principal payment is recorded at the beginning of the fiscal year, while interest payments occur semiannually in January and June. A detailed schedule of outstanding debt issuances is provided in Appendix 6.

**Transfers Out:** Transfers are primarily to the Water Resource Impact Fee Fund to support NWRD capital projects and represent 40% of groundwater preservation fee revenues. This transfer is recorded at year-end and may vary based on actual revenue collections. A smaller transfer of \$3,004 was made to the Debt Service Fund for debt repayment.

#### Revenues:

Charges for service are trending slightly higher than budget (1.1%). With respect to grant revenues, the federal grant supporting the Sierra Wash at Glover Road Infrastructure Repair and Rehabilitation capital project is not expected to be received within the current fiscal year. Offsetting this, grant revenues for the Sierra Wash at Via Mandarin Drainage Improvements project are projected to be received this year, as the project was completed in FY26 despite having been originally budgeted in FY25. Interest earnings continue to outperform projections, coming in \$28,000, or 140%, above budget.

#### Expenses:

**Personnel:** Savings are expected due to the Senior Engineering Associate position being vacant for 1.5 months and filled at a lower rate than budgeted.

**Operations & Maintenance:** Savings are anticipated in outside professional service, gasoline, field supplies and vehicle repair and maintenance.

**Capital Outlays:** Budgeted capital expenditures include general infrastructure maintenance and three major capital improvement projects:

- Sierra Wash at Glover Road Infrastructure Repair and Rehabilitation (\$318,000)
- Sierra Wash at Via Mandarin Drainage Improvements (\$50,000)
- Oro Valley Drive Drainage and Pavement Improvements (\$300,000)

The Oro Valley Drive Drainage and Pavement Improvements project (\$300,000) was taken over by Pima County and has been removed from the year-end estimate. Sierra Wash at Glover Road will be delayed into FY27.

### Town of Oro Valley - Development Impact Fee Fund Projects

Arizona municipalities can charge development fees to cover the cost of infrastructure improvements needed to support new development. These fees are one-time payments used to fund projects like building new roads, parks, or water facilities. The amount of the fee is determined by an Infrastructure Improvements Plan (IIP) and land use assumptions. Importantly, development fees can only be used for building new infrastructure or paying off debt for growth-related projects. They cannot be used for ongoing maintenance, repairs, or addressing existing problems. The Town's IIP includes public services for parks and recreation facilities, police facilities, street facilities, and water facilities.

Below is a list of identified IIP projects use in the latest impact fee study to calculate the development fees. These are projects that would be eligible to be funded by development fees as outlined in ARS § 9-463.05 (T)(7)(a).
