

# Drone Operation for Special Event

**Name of drone operator:**

**F.A.A. Certificate number:**

**Name and date of event:**

Initial here to certify compliance with each section or N/A if not applicable

## Safety Statement

I am a licensed and qualified drone operator in compliance with all applicable FAA regulations and local ordinances.

The drone will be operated within visual line of sight (VLOS) at all times.

I will not fly over crowds or directly above individuals at the event unless specifically authorized and compliant with FAA Part 107 waivers.

The drone will maintain a minimum horizontal distance of 25 feet from people and never fly lower than 50 feet above ground level near public areas.

Maximum ceiling is 400 feet (however, that altitude is **not recommended** during the event).

I will avoid restricted zones, including emergency access routes, and respect all temporary flight restrictions (TFRs).

The drone will be equipped with operational safety features, including:

- Return-to-home functionality
- Fully charged batteries
- Anti-collision lights for night operations
- Propeller guards (if flying near people)

I will cease operations immediately if weather conditions, crowd density, or any safety concerns arise.

I will yield the right of way to law enforcement drone operations that are in the area or at the event.

## Flight-for-Hire Rules (Contractor Operations)

I acknowledge that this operation is being conducted under FAA Part 107 for compensation or hire.

I will maintain all required documentation, including my Remote Pilot Certificate, and present it upon request.

I will ensure that all operations comply with FAA commercial drone regulations, including waiver requirements for any deviations.

I understand that failure to comply with these rules may result in removal from the event and reporting to the FAA

**By signing the permit application, I acknowledge and accept full responsibility for any damage, injury, or violation resulting from my drone operation, and agree to indemnify and hold harmless the event organizers and associated agencies from any claims arising from such operations.**
