Know Your Town's Budget

At its June 16, 2021 meeting, the Oro Valley Town Council approved the adoption of the final budget for fiscal year 2021/22. The Town understands that not everyone has the time to peruse a lengthy, technical budget document. To make the budget more accessible, we publish a simple, two-page summary each year entitled, "Know Your Town's Budget." A quick review of this document will provide an overview of the Town's key revenues and expenditures, as well as a closer look at the services provided, such as public safety, roads and road maintenance, and parks and recreation. [Click here to view the document](#) or visit www.orovalleyaz.gov and type YOUR BUDGET in the search bar.

ADOT begins work on Oracle Road

The long-awaited work on Oracle Road (State Route 77) has officially begun! This construction project, which is being managed by the Arizona Department of Transportation (ADOT), will result in improved road conditions, safety features and ADA compliance in three phases, spanning from the I-10 junction up to Calle Concordia in Oro Valley. By the time you receive this newsletter, work will have likely begun on the section between Magee Road and Calle Concordia. Although this is not a Town of Oro Valley project, residents can still find easy access to ADOT project details and subscription alerts by [clicking here](#) or visiting www.orovalleyaz.gov and typing ORACLE ROAD in the search bar.
