Introduction:

The Development and Infrastructure Services (DIS) Department is here to assist you through the Town's Sign Criteria process. Throughout the process, you will be working closely with the Town staff to ensure the efficient processing of your application for development.

The DIS Department is the primary point of contact that will help coordinate all facets of your development. For information on a specific topic relating to your development, please refer to the attached resource list or visit the DIS Department's website at <http://orovalleyaz.gov/dis>.

Refer to the table below to better understand the approval process for the Town's sign criteria applications, please refer to the table below.

Table of Authority

Submittal Type	Staff Authority	Conceptual Design Review Board
Sign Criteria	Review/Recommendation	Final Decision

Process Overview:

An approved Sign Criteria is required prior to issuance of a permanent sign permit for nonresidential multiple-tenant commercial buildings, resorts, and industrial centers. A sign criteria is a set of proposed sign standards for a development that complies with the provisions of Zoning Code and Design Guidelines.

Sign Criteria – Process Description

Step 1 – Formal Submittal

The applicant shall submit a completed general application (Section 1.2), along with items required in the Submittal Checklist (Section 1.3).

The plans will be reviewed by staff for compatibility with the Zoning Code and Design Standards. To ensure timely review, applicants should review the applicable provisions of the Zoning Code. The formal submittal will include the following:

- Sign colors, design and placement which shall be complementary and integral to the project's architectural and site design themes.

- Project identification and sign elements shall incorporate architectural treatment and project unifying elements which are integrated with the overall design of the project in terms of scale, style, materials, color and theme. Signage shall reflect character of the primary building (s).
- Developments shall use architectural elements such as towers, obelisks, monuments, gateway arches to establish a unified project identity. These elements should be replicated in the overall design template for the development.
- Location and placement of building mounted signs shall be integrated into building architecture. Building signs shall be consistent in terms of materials and construction.
- As feasible, sign colors shall utilize the project color palette approved as part of the Conceptual Design for the project.
- Colored sign banding and colored light elements utilizing corporate colors shall be permitted provided the colors are consistent with the overall approved color palette for the center or complex.

Step 2 – Staff Review

After receiving a complete application, staff will review the Sign Criteria in accordance with the applicable provisions of the Zoning Code. A review letter will be sent to the applicant within 10 working days of the submission. The plans may need to be revised and re-submitted for additional reviews to address comments on the application. When all review comments have been addressed, the application will be forwarded to the Conceptual Design Review Board for review and final decision.

Step 3 – Conceptual Design Review Board

The Sign Criteria is reviewed by the CDRB at the next available meeting. The CDRB's decisions are based on the Design Principles outlined in Sections 22.9 and Design Standards, Addendum "A" of the Zoning Code. CDRB decisions are subject to an appeal by the Town Council.

Step 4 – Final Approval

The applicant may need to revise the Sign Criteria based on the final decision of the CDRB. Once staff receives the revised Criteria, the applicant may submit permits for construction and installation of permanent signs.

1.5 FEE SCHEDULE

As specified in the OVZCR, all fees must be paid in full prior to acceptance of an application. Fees identified after submittal are due as determined by the Planning and Zoning Administrator (Public Works Director for rights-of-way fees). All fees must be paid prior to the issuance of permits and/or release of assurances. Bond release inspections may be deducted from the appropriate bond if this is part of the language of the bond.

Charges for partial review of any project will be based on the stage of review and staff time already dedicated to the project. The Planning and Zoning Administrator may refund up to 80% of the fee. The Planning and Zoning Administrator may waive fees if an undue hardship has been created by the Town. All other fee waiver requests must be approved by the Town Council. Fees will not be applied to applications or events initiated or sponsored by the Planning and Zoning Commission or Town Council.

GIS fees are charged per development project. Whenever independent consultant review is provided for in the OVZCR (Golf Course Overlay, Communications facilities, Riparian analysis etc.), the applicant must reimburse the Town for all consultant fees incurred.

2.0 SIGN CRITERIA CONTENT

2.1 PLAN CONTENT

A Sign Criteria must be written to comply with the standards of the Oro Valley Zoning Code. Developments proposing alternatives to the code must apply for a Master Sign Program. The Sign Criteria documents shall include:

1. Address of the development
2. Location map with a north arrow
3. Site plan of the development
4. Labeled streets
5. Legal name of the development and the common name.
6. Identify each building group in the development. Define those groups of buildings with identification that corresponds with the development plan (i.e. building pad, shop or majors).
7. Clarify terms such as east buildings. Does this mean the buildings on the east side of the development or the east facing buildings?
8. Do not include references to Pima County, City of Tucson or other jurisdictions codes.
9. Include any documents for pre-annexation agreements, ordinances or resolutions that are specific to the development's signs.
10. Narrative describing how the proposed Sign Criteria meets the Design Principles and Design Standards as listed in Step 1 of the Process Narrative.
11. Color renderings or photos of all buildings, structures, and elevations clearly depicting overall building composition and façade design elements.
12. Color and materials palette for all elements of the proposed signs. Note: photographs of proposed sign materials is required, actual materials (i.e. materials boards) will not be accepted.
13. Photographs of the project site and adjacent properties illustrating the relationship between the proposed development and surrounding uses.
14. If an existing document is being changed, use strikeouts, bolded or italicized text to distinguish new text from old text.
15. Add language to define how future sign code changes in the Zoning Code will affect the approved Sign Criteria. If the Zoning Code changed to allow larger signs, will the criteria also change or stay the same?

Include a design example of every type of permanent sign you propose to use in the development and requirements for each.

1. Wall Signs
 - A. Quantity: How many building elevations will have wall signs?

- B. Type of sign: Use this section to specifically address the allowed or prohibited types of wall signs. I.E. Reverse pan channel, pan channel, cabinet, etc.
 - C. Area of Sign: List the size allowances. You may wish to define the maximum sizes of the overall sign, letter heights, number of lines or other size restrictions specific to your development or defer this to the code.
 - D. Address the use of logos and size allowances. Define if a logo allowance will be limited a percentage of the proposed sign or of the allowed sign area.
 - E. Location: Define where tenants can or cannot place signs. Address any special conditions from neighborhood or design review meeting that restricted location of signs.
 - F. Illumination: Define the type and colors allowed. Will day/night plex be allowed? What is the intended color of the sign at night?
 - G. Time of illumination turn off should defer to the current Zoning Code.
 - H. List the colors of the signs. List each component of the sign i.e. faces, returns, trim cap, etc. Identify colors with name and number of the color. This should be shown in your material/color palette
 - I. Will raceways be allowed?
2. Freestanding signs
- A. Indicate type;
 - i. Monument
 - ii. Directional
 - iii. Directory
 - iv. Entry way
 - v. Menu boards
 - vi. Pedestrian tenant directory.
 - B. Please review each type of allowed permanent sign and provide the design details for each type of sign the property proposes to install. Design details may include the following:
 - i. Quantity and location
 - ii. Size and heights
 - iii. Illumination
 - iv. Colors and materials
 - v. If you wish to exclude a certain sign type, you will need to list that also. Omitting a sign type without specifically prohibited the sign could be viewed as allowing the sign under the OVZCR allowances.
3. Window Signs: All window signs shall conform to the standards of the Oro Valley Zoning Code.
4. Temporary signs shall be per the standards of the Oro Valley Zoning Code.
5. Sign measurement standards shall be per the Oro Valley Zoning Code.
