

LAMBERT LANE ROADWAY IMPROVEMENT PROJECT

Public Open House | September 23, 2015

WHEAT DESIGN GROUP
LANDSCAPE ARCHITECTS

KEY FEATURES

Utilize existing elements in the project vicinity to create a sense of continuity.

- soil nail walls with handrail
- color + pattern of decorative pavers in median
- drought tolerant plants
- native seed mix

Enhance infrastructure for multi-modal travel.

- four vehicular travel lanes
- bike lanes
- sidewalk and multi-use path
