

Town of Oro Valley

Spring 2015 Pavement Preservation Program

The Town of Oro Valley is preparing for our Spring 2015 Pavement Preservation Program. The areas listed below are currently under consideration for a surface treatment to improve the pavement condition and significantly prolong the life of the roadway.

Weather permitting, the work is scheduled to occur during the month of May 2015.

When working in the area, crews will be onsite Monday through Friday, from 7:30 a.m. until 3 p.m. Additional information will be provided to the residents once a contractor is selected and we get closer to the date.

We apologize for the inconvenience as we work to improve your roads and our community.

Maps of the areas are available in the "Project Activity" section of the Town's website at www.orovalleyaz.gov.
