COMMUNITY COMMITTEE WORKBOOK

INTRODUCTION

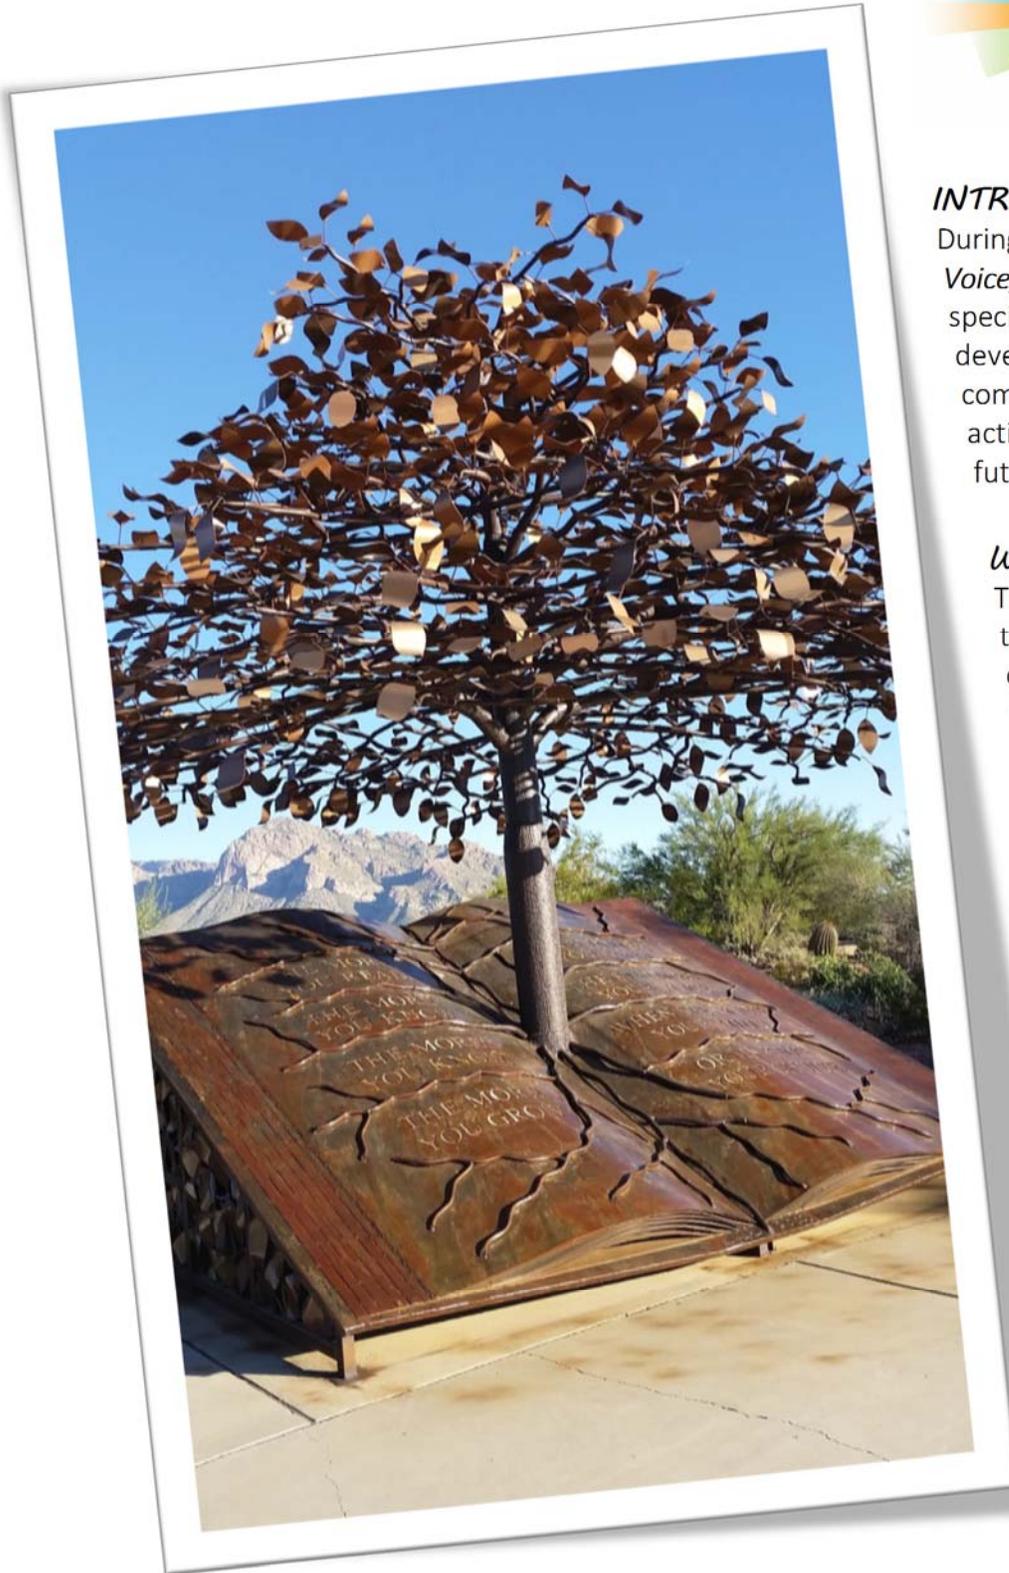

During Phase 2 – ‘Let’s Think’ of the *Your Voice, Our Future* project, three topic-specific committees will be working to develop goals, policies and actions for the community’s plan. This work will guide actions and decisions for the Town’s future over the next ten years.

A portion of the material given to the Community Committee dealt with parklets, but there was no discussion of a goal or policies that might incorporate parklets into the Plan. I've previously suggested this and included a NY Times article weeks ago.

4.4.7.1 - Oro Valley should not be in the business of designing homes. It has been assumed that the home builder understands the market, as it affects his business. Oro Valley needs to be more concerned about " a special place ", " a complete community" rather than housing design.

4.4.7.4 - Oro Valley cannot be expected to "address the needs" of all ranges of income, age, sexual orientation, disabilities, etc. Some sub divisions have empty nesters in mind, but wind up being sold to families, which is to say that "needs" are in the mind of the beholder. One need that is universal is open space. sub divisions which allow views, but more importantly enjoyment of the desert, vegetation and wild life serves all needs, and we've gotten away from that.

4.4.11.1 - I don't believe there can be a "master operating agreement" with "entities". Oro Valley has access to the best local arts & culture management firm in Arizona.

4.4.11.3 - Our current ordinance speaks exclusively about public art, when art that may be created and paid for privately can be located prominently - not because it is a requirement - but because a combination of skill and encouragement from the Town makes it possible. The Town discourages art as a requirement, and forgets that a lot of talent is being overlooked because it is an option, and not a requirement.

4.5 - I recognize many of these policies from the previous Energy Element. I supported them then, and support them now. If the committee strongly endorses these policies and actions perhaps those on Council who wish not to "tell people how to live" will relent.

Subject: Your Voice Community Committee Follow-Up

Community Committee members,

Thank you all for your great work last night! I really enjoyed the conversation. As a reminder, there are a few tasks I gave the group to work on:

1. Within the next few days: Forward any edits to the Complete Community section that you would like to see made in the next version

2. Within the next few days: Submit your suggestions for 'Action Ideas' that have placeholders in the document currently. We brainstormed a few last night, but there is still a lot of work to be done, especially pages 12-13.
3. Before the next meeting: Read section 4.5 thoroughly and come prepared for a robust discussion on that section in the next meeting. Remember this includes public safety, emergency preparedness, and the Town's facilities.

Lastly, I neglected to open the meeting for public comments last night. My apologies to all. Mr. Bill Adler did have some thoughts for the group. I am attaching his comments to this email.

Please let me know if you have any questions. I would love to have any suggestions or edits by Tuesday next week so I may incorporate them into our next draft.

Our next meeting is Thursday, February 19 at 5:30 pm in the Kachina Conference Room.

Have a great weekend!
